

Hey bro 🙌

I'm your AI career coach. Ask me anything about your career, jobs, résumé, skills, or anything else — I got you.

How can I tailor my résumé for this job?

What skills should I learn for a PM role?

Help me write a cover letter for this role

How do I answer "Tell me about yourself"?

What's a good follow-up email after applying?

Analyze this job description and give me feedback

Can you review my resume and suggest improvements?

1:08 PM

Sure thing! I'd be happy to review your résumé and suggest improvements.

Here are a few key areas I'll focus on:

- ✔ Impact & achievements
- ✔ Clarity & structure
- ✔ Keywords & ATS optimization
- ✔ Skills alignment with target roles

Upload your résumé and I'll take a look.

JOB DESCRIPTION

We are looking for a Business Analyst Intern to support our teams in analyzing business processes, gathering requirements and creating data-driven solutions. You will work closely with stakeholders to identify opportunities for improvement and help deliver impactful insights.

Key Responsibilities:

- Analyze business processes and data to identify trends
- Support in gathering and documenting requirements
- Create reports and dashboards in Power BI / Excel
- Collaborate with cross-functional teams
- Assist in projects from concept to delivery
